

School Improvement Planning

Planning Process

School Improvement Committee Selection – Because the selection of the visioning team involves the entire community, the superintendent, in consultation with the board, shall choose a representative membership may include representatives from the general community (parents, patrons, interest group representatives and business leaders), staff, board members and students. The core team shall select a broader representation of leaders from the groups listed above. The larger group shall choose the chair, establish a meeting schedule and conduct the school improvement process. Over the course of the scheduled meetings a draft strategic plan is provided.
